

Mobile Device Care Program

Students and parents are responsible for district-owned technology property issued to them, just as they are for other district-owned items such as textbooks, athletic equipment and library books.

- The cost of repairs or replacements that occur due to misuse, abuse or negligence are not covered by the plan
- Defective and normal wear issues are not charged to families
 - For example, a dead battery in a mobile device is fixed without charging families
- Replacement costs (lost/stolen) are not covered by the plan

To help offset the liability of the families, Beavercreek City Schools is offering a Mobile Device Care Program. For \$25 per year, per device, the Mobile Device Care Program will repair or replace the device at a significant savings to the family. Enrolling in the program is optional. The tables below show the price structure for repairs and replacements with the plan and without the plan.

You are able to sign up for the plan through the OneView portal – <https://beavercreek.esvportal.com> In order to participate in the plan, the following timeline needs to be met for each mobile device:

- For students enrolling **as of** the first day of school: the fees for the mobile device care plan will be added to your student fees by September 1st and must be paid by October 1st in order to be considered enrolled in the mobile device care plan
- For students enrolling **after** the first day of school: the fees for the mobile device care plan will be added to your student fees within 2 weeks of your child's enrollment date and must be paid within 30 days of the fee assignment in order to be considered enrolled in the mobile device care plan

Repair costs - charged per device each repair

All repairs are charged at the level in the chart or at the cost of the repair - whichever is less

| | 1st repair | 2nd repair | 3rd or greater repair |
|------------------------------------|-------------|-------------|-----------------------|
| Without Mobile Device Care Program | Repair Cost | Repair Cost | Repair Cost |
| With Mobile Device Care Program | \$0 | \$25 | \$50 |

Example: a student breaks the screen on an iPad three times in a year. *The current cost to the district to replace screen is \$115.*

| | | |
|------------------------------------|--------------|--------------|
| Without Mobile Device Care Program | \$115 | 1st repair |
| | \$115 | 2nd repair |
| | \$115 | 3rd repair |
| | \$345 | Total |
| | | |
| With Mobile Device Care Program | \$25 | Program cost |
| | \$0 | 1st repair |
| | \$25 | 2nd repair |
| | \$50 | 3rd repair |
| | \$100 | Total |
